I, Waynette Redfield, being of sound mind hereby will my ability to stay skinny to Georgia Reynolds and Beverly Rogers. As for my straight A report card I am not willing it to anybody because it was too hard to get and it will be the last.

WHAT A L-7 THINKS OF PERSHING

It is nice to be able to go to a school like Pershing because everyone is so friendly and nice. It is better to have more than one teacher. It is also better to be able to get up after forty or fifty minutes and walk to another class.

The teachers in Pershing are nice too, because they don't pile you down with homework when you're first getting adjusted to a new school and new teachers.

It is also nice to be able to have a football team, a good library, and a good newspaper like the Pershing Chatter. In Pershing it is wonderful to be able to join nice clubs.

I think Pershing is a nice school any way you look at it and I think this will be a fine three years at Pershing.

Linda Sparks

another senator from Texas; Betsy Bonin - Lady Eskimo senator from Alaska; Joyce McNew - alternate Lady Eskimo senator from Alaska. Also "Mike Estess is idol of teenagers."

Another article will read: "Pat Johnson New President of Argentina." Another will read: "Queen Betty Anne Bryan and Duke Bob Hammann of Tyon Step on American Soil for the First Time."

More headlines will be: "Harvey Evers - Public Enemy No. 1 - banished from American soil by President Chanslor;" "Harry Frank - Public Enemy No. 2 - in Prison for Life;" "Jimmy Hubbard, Phillip Cronin, Elliott Pflaughaupt, Teddy Peeples Try to Overthrow Government;"

"Queen Cathy Emerson of Sheba Adds American Men to Harem." The article will read: "They are: Billy Holman, Zoe Zedler, Hugh Looney, George Adams, and Hardy Diamond."

The last headline will be: "Robert French and Patricia Isaacs, Famed Scientist and Warden of Bellview, Meet President."

Turning from the papers, let us see the rest of the government. The governors will be: Kathryn Mafrige - of Alaska; Carolyn Cooksey - of Hawaii; Norma May - of Maryland; Mildred McDaniel - of Washington; Lynda Yokom - of Louisiana; Wilda McMenemy - of New York. The mayors will be: Nancy Smith - of Houston, Texas; Sara McGowan - of San Francisco, California; Elizabeth Oliver - of New York; and Sara Berg - of Springfield, Illinois.

CLASS TOURS—

electricity in a day to supply 275 of our homes for a year. Most of the paper comes from Scandinavia, but the best paper available comes from Lufkin, Texas.

Mr. Wadley told the class they would have to watch for machinery or they would end up as a spot on the front page. They visited the morgue, a place where old newspapers are kept.

The class was amazed that the presses could produce four different newspapers at one time. The class climbed up the printer's ladder, getting their shoes greasy, sat on the couch that the first publisher of the paper had owned, and looked as if they were ready to drop in their tracks.
